VO301 Series SIP IP Phone benefits

The eToETH VO301 Series are next generation IP Phones that provide a simple, cost-saving solution for VOIP and telecommunication needs. The VO301 series follows RFC-3261 SIP protocol ensuring compatibility with most exiting VOIP service and products. The series offers versions with combinations of speakerphone,FXO port and PoE to meet user requirements. All models have a built-in LCD display and WEB management, it is also incredible easy to use! State-of-Art DSP technology(Digital Signal Processing) delivers outstanding voice quality comparable to that of the PSTN. Combine this with a rich telephone feature set such as call forward/transfer , speed dial , 3 way call ,Multiple SIP account and more ,makes the VO301 SIP IP Phone series the best choice.
